

Why you should be using DealStats

to price or value a company

DealStats is the future of private and public company comparables

BVR's proprietary platform, DealStats, boasts the most complete financials on thousands of acquired companies in both the private and public sectors. You won't find more trustworthy comparable data in any other source.

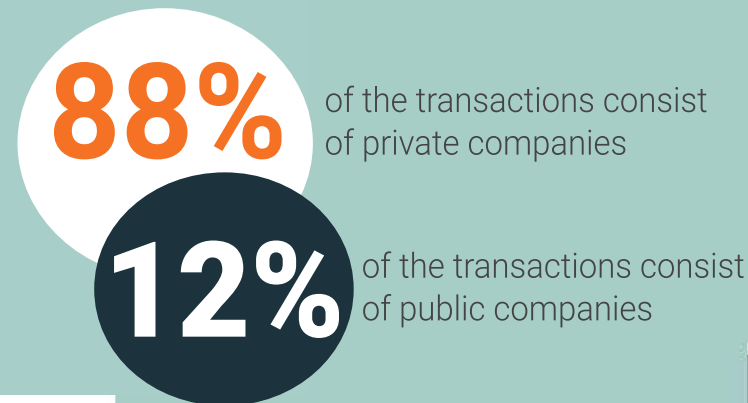

Defend your value conclusions with real-world deals, published daily

BVR's team of financial analysts rigorously review and publish new deals every day to ensure you never miss a relevant comparable. Each report includes detailed statistics and a summary report with the following, plus much more:

- Financial ratios
- Valuation multiples
- Profitability margins
- Deal structures
- Financial statements
- Purchase price allocations

Save time with the powerful search functionality

Users can explore 42,000+ private and public transactions with up to 199 data points, filter results, and save them for later use.

Up your presentation game and present your data visually with:

- Interquartile ranges
- Scatter plots
- Distribution graphs
- Stacked bar charts
